

REASON # 57 TO STOP PLANNED PARENTHOOD FROM
GETTING OVER \$265 MILLION IN YOUR TAX DOLLARS!

KIDDIE PORN

from the book *It's Perfectly Normal*
by Robie H. Harris

Due to this newspaper's decency standards—as well as our own—you'll have to use your imagination to get the rest of the picture. But thanks to Planned Parenthood, kids as young as 10 can see every jot and tittle of this picture in a "sexual health" book called "*It's Perfectly Normal*."

Just about anything you can imagine happening in the nude, you can see in the pages of "*It's Perfectly Normal*." You'll see it all! From the front. From the back. From the side. Alone. In couples. In groups. Relaxed all alone. Excited all alone. Relaxed with a friend. Excited with a friend.

But one of the big reasons Planned Parenthood endorses this book is that it introduces grade school kids to the "*perfectly normal*" act of abortion. It even gives nine "*perfectly normal*" reasons for a girl to abort her child.

This "fun and friendly" introduction to sexual organs, sex acts and abortion will ensure a new generation of teens who think it's okay to have sex whenever they want it—and avoid the consequences by having an abortion.

For Planned Parenthood, that's a "*perfectly normal*" way to keep the world's deadliest business alive and growing.

Americans should fight child abuse. Not pay for it. Sign our petition today at:
