

American Life League's 2007 Year In Review

A SPECIAL REPORT FROM
JUDIE BROWN, PRESIDENT

What an exciting year 2007 was and it is such a blessing for me to share the great news with you, our faithful supporters.

- ALL continued its focus on **Planned Parenthood and saw it close 29 clinics** in 2007.
- Thanks to ALL's campaign to shut down Planned Parenthood's facilities, Planned Parenthood ended the year with just 814 non-express clinics—**Planned Parenthood's lowest number since 1986.**
- **ALL opened a massive online front in the battle against Planned Parenthood** by hitting back with videos, blogs and a newly revamped web site.
- Our long-term efforts to educate elected officials bore fruit — for the *first time*, the House of Representatives voted *specifically* on Planned Parenthood tax funding. And a record-level **45% of the representatives voted against Planned Parenthood** by rejecting their annual demands for federal taxpayer dollars.
- ALL launched our Planned Parenthood Map Room, presenting, for the first time, a single internet site with a list of the locations for every Planned Parenthood facility in the country and the **regularly scheduled protests** at those facilities.
- ALL appeared in **national and grassroots media over 1,100 times.**
- ALL assisted local pro-lifers with **personhood initiatives** in Georgia, Missouri, Colorado and Montana.
- ALL took the lead with **our fifth annual National Pro-life T-shirt Day in schools** all across the nation.
- Our **Rock for Life Summer Tour** covered 25,000 miles and presented the pro-life message to over 250,000 young people.
- ALL successfully hosted and sponsored our third annual **Pro-life Memorial Day.**
- ALL sponsored a three-day **Training and Activism weekend in Washington D.C.** last January and conducted three other one-day Training and Activism conferences in three different states.
- I published my new book *Saving Those Damned Catholics*, **bringing attention to the lack of authentic Catholic teaching in America.** Thousands of individuals across the country are using my book to become educated on the problems in the Catholic community with abortion, contraception, etc.
- ALL continued to ask and petition the U.S. Conference of Catholic Bishops to **defend Christ in the Eucharist by enforcing Canon Law 915.**
- ALL sent speakers to **over 100 cities** across the United States, spreading the pro-life message and motivating local people to become active in the struggle for life.
- ALL's resource department distributed **nearly a quarter of a million pieces of informational literature**, shirts and other pro-life gear.

Thanks to you, **American Life League** is effective, growing and committed to ending the scourge of abortion and building a culture of life in America. Praise God that you are part of our work and thank you again for making this year-end report possible.

May Christ's peace be yours.
