

CHARITY WATCHLIST

Children's Leukemia Research Association

EMBRYONIC STEM CELL RESEARCH

- Children's Leukemia Research Association refuses to take a stance on human embryonic stem cell research. In response to ALL's inquiry as to whether it funds research that includes these stem cells, or if it has a position. CLRA's reply:

"Information regarding our Research Grant Program can be found on our website at childrensleukemia.org/researchers/. Funded proposals change every year. They are approved by our Medical Advisory Committee.

Thank you."
