

# Children's Leukemia Research Association

## *Human Embryonic Stem Cells*

Children's Leukemia Research Association refuses to take a stance on human embryonic stem cell research. In response to ALL's inquiry as to whether they fund research that includes these stem cells, or if they have a statement, this was their reply:

9/11/2023- "Information regarding our Research Grant Program can be found on our website at [childrensleukemia.org/researchers/](https://childrensleukemia.org/researchers/). Funded proposals change every year. They are approved by our Medical Advisory Committee. Thank you."
