

# CHARITY WATCHLIST

## Breast Cancer Research Foundation

### EMBRYONIC STEM CELL RESEARCH

- One of BCRF's researchers is [Valerie Weaver](#):

*"She also has an active research program exploring the interplay between cell and tissue level force and **human embryonic stem cell** differentiation."*

### ABORTION & CONTRACEPTION

- BCRF lists [risk factors](#) that women can potentially take control of. It concludes:

*"Oral hormone-based contraceptives may slightly increase risk, but some studies have shown no association and for many women, **contraception's benefits far outweigh risk.**"*

### LGBTQ+

- A [June 2023 post on Facebook](#):

*"This month, we celebrate the LGBTQIA+ members of the BCRF family. Breast cancer knows no sexual orientation, gender, age, or race, but BCRF is committed to funding research that improves outcomes for all. Happy Pride!"*
